

INTOO is a HR consultancy & outplacement solutions provider that hone in on your unique business needs and challenges, whether you're looking for outplacement services that will benefit both you and your employees or career development programmes that will truly maximise employee talent. We partner with companies to develop the potential of their people, transform performance and transition skills as business needs evolve.

Our strength lies in the way we partner with companies. We get to the heart of your business challenge; designing and delivering hi-touch, customised solutions for business leaders, managers, and employees that enhance the performance and careers of your people, and deliver business results.

INTOO Services

- Outplacement
- Change Management
- Leadership
- Coaching
- Career Development
- Mentoring

Global experts with wide ranging industry knowledge and experience, providing tailored solutions. INTOO are part of the **Career Star Group** membership and are an **ESPO approved framework** supplier.

INTOO was invited to join FSQS by one of the financial services clients within the scheme. After careful consideration, INTOO opted to join the scheme and have maintained registration each subsequent year.

With the support of the Hellios sales and validation team, the process was surprisingly straight forward. Having input a wealth of detailed information covering a comprehensive range of topics, INTOO are only required to maintain the data set and provide any policy updates on an annual basis This ensures that any information that FSQS members see is reflective of our current policy and standards.

Having provided INTOO with an independent audit platform that shows our working practices adhere to current and expected compliance and regulation parameters, we are able to demonstrate that all the services we deliver for our financial services clients are robust, positioned effectively and cognisant of regulations. Having the FSQS accreditation also allows prospective customers to engage with us more easily and efficiently – a benefit that many are taking advantage of.

"INTOO has a growing reputation as a credible and reliable partner amongst the Financial Services sector for career transition, outplacement and Executive coaching. As such accreditation with FSQS was a natural 'next step' facilitating easy access to our range of services for our client base."

Owen Morgan
Managing Director, INTOO UK & Ireland
