MarketAxess®

A Guide to the Financial Services Qualification

The financial services qualification

MarketAxess is committed to introducing responsible business practices that make it easier for our suppliers to do business with us.

To support this commitment, we use the **Hellios Financial Supplier Qualification System**.

It is designed to standardise and manage our requests for compliance and assurance data, along with other major financial services organisations that have adopted FSQS.

As the regulatory environment becomes more complex, it's important that we can demonstrate to our stakeholders that we're working responsibly with our suppliers to minimise risk and protect customers.

The introduction of the FSQS provides a standard and simple mechanism for collecting and managing supplier assurance information across MarketAxess. The FSQS is also an integral part of our sourcing process.

Our Supplier Managers also use the system to find pre-qualified suppliers to be considered for new business.

Qualified supplier status gives visibility across our procurement process and, therefore, creates new business opportunities.

Funding of FSQS is shared by MarketAxess and the other Financial Services organisations that will use the system, and larger suppliers. If your organisation is an autonomous small, or micro-sized enterprise (SME), then registration on FSQS is subsidised 100% i.e. there is no charge. For those organisations where Stage 2 of the process is required an annual fee is payable directly to our external partner Hellios. Micro, and small organisations are fully subsidised by the community with no fee payable and medium sized organisations are 50% subsidised.

Please click here for more information.

Following Stage 2 qualification, MarketAxess may wish to conduct further assurance activities including an on-site audit. This will be conducted by MarketAxess and will incur no further fees.

How to gain qualification

A simple, integrated two-stage process

There are two levels of qualification. Stage 1 Qualification collects basic information about your organisation and is used to determine whether Stage 2 Qualification is necessary, based on the nature of the goods or services being supplied. For example, if a supplier deals directly with our customer data, then they will be asked to demonstrate how they comply with relevant regulatory requirements.

The questionnaire should take around one hour to complete. This information will allow us to determine whether your organisation only requires Stage 1 Qualification or is required to complete Stage 2.

Stage 1 Qualification

Suppliers will receive an email invitation to complete an online questionnaire. The invitation will come from Hellios, an external partner, who has been appointed to collect and administer the data on behalf of MarketAxess.

Stage 2 Qualification

Stage 2 requires the completion of a more detailed online questionnaire and, in some areas, may require the provision of supporting evidence. To make the process as efficient as possible, most of the questions have selectable answer options rather than requiring lengthy written responses, and no proprietary, contractual or pricing information will be asked.

Stage 2 typically covers your policies and practice in the following areas

- Anti-Bribery
- Products & Sales
- Diversity & Inclusion
- Environmental
- Records Management
- Sanctions
- GDPR
- Business Continuity
- Data Management
- Operational Resiliency
- Remuneration
- Health & Safety
- Information Security
- Cyber Security
- IT Asset Management
- Conduct Risk
- Whistleblowing
- Anti-Money Laundering
- Physical Security
- Customer Treatment

Timelines for qualification

Existing suppliers to MarketAxess are given up to eight weeks to complete qualification for the first time, to allow sufficient time for familiarisation with the new questionnaires and process.

However, we expect most suppliers will be capable of competing qualification in significantly less time. Suppliers bidding for new business with MarketAxess may need to complete the qualification much more quickly in accordance with procurement timescales. Hellios will advise the deadline dates for Stage 1 and, if required, Stage 2 completion in the FSQS email communications issued.

FAQs

1. Why has MarketAxess introduced a Financial Supplier Qualification System?

Suppliers told us that our process for collecting compliance and assurance information was complex and time consuming. The introduction of an online system simplifies the process for suppliers to submit information and prevents suppliers receiving multiple requests from MarketAxess for qualification data. It is also important that we (your organisation and MarketAxess) can demonstrate to our stakeholders that we are working together responsibly to minimise risk across our supply chain to protect our customers. As the regulatory environment we operate in becomes more complex, it is vital that we have a robust system in place to support the collection and maintenance of Supplier Assurance data and respond to regulatory change.

2. Who is Hellios?

Hellios Information Management Ltd is a UK based company. The team has extensive experience in collecting and maintaining supplier data on behalf of a number of global and UK companies.

3. What is the role of Hellios?

MarketAxess has appointed Hellios to collect and administer Supplier Assurance related data on behalf of the MarketAxess. Hellios will collect and check the data provided by suppliers and ensure the data is maintained on the Financial Supplier Qualification System. Hellios is an approved supplier of MarketAxess. Hellios does not assess a supplier's suitability for qualification. That decision rests with MarketAxess.

4. How does Hellios protect the data we provide?

The FSQS application, infrastructure and data storage is hosted exclusively in the UK in data centres that are SSAE18 SOC2 and ISO27001 certified. Encryption to the latest industry standards is employed, along with cyber security measures such as weekly scans and penetration testing. Hellios ensures the limited amount of personal data collected is fully compliant with the GDPR and Data Protection Act 2018. Hellios is certified to ISO27001 and Cyber Essentials Plus, the National Cyber Security Centre standard backed by the UK Government.

FAQs

5. Do we have to register each of our legal entities separately?

Yes, your organisation is required to register any legal entity that submits an invoice to MarketAxess.

6. Can any supplier apply for qualification?

No, qualification is by invitation only.

7. Will other suppliers have access to the information we provide?

No, other suppliers will not have access to the information you provide.

8. Will assurance information be available across MarketAxess?

Yes, one of the benefits of the new system is that suppliers' assurance information will be available to other areas MarketAxess. This will reduce requests for duplicate information from us.

9. Will I be asked to provide pricing information on my company's products and services?

No, your organisation will not be asked to provide any commercial information of this nature.

10. If I'm required to apply for Stage 2 Qualification, how do I pay the fee to Hellios?

Hellios will provide full details of the payment options available however we recommend suppliers make an online payment to Hellios for immediate access to the Stage 2 assessment.

11. How long is qualification valid for?

The renewal date is set at one year after Stage 1 Qualification has been granted. For suppliers that are required to also complete Stage 2 Qualification, the renewal date is set one year after your Stage 2 questionnaire has been issued. Hellios will issue reminders to suppliers several weeks in advance of their qualification expiry deadline.

12. Why have I been asked to complete Service Specific Questions (SSQs)?

Some suppliers might be asked to complete SSQs, depending on the business service they offer to their customer. The nomination of a supplier to complete SSQs is entirely at the buyer community's discretion regarding which suppliers are nominated to respond to these questions.

Some suppliers might be asked to complete SSQs, depending on the business service they offer to their customer. The nomination of a supplier to complete SSQs is entirely at the buyer community's discretion regarding which suppliers are nominated to respond to these questions.

FAQs

13. How long does it take to complete qualification?

Typically, we find it takes less than one business day to enter the information in the system (if you're asked to complete both stages). However, the time required to collate the information varies dependent on the size of an organisation. Larger organisations often have to source the data from a number of internal departments and therefore we're giving existing suppliers approximately eight weeks to complete qualification.

14. As an existing supplier, what happens if I fail to apply for qualification within the assigned timelines?

Suppliers will be fully supported by Hellios throughout the qualification process. However, failure to complete qualification will result in a supplier being classified as non-compliant in our internal systems.

15. Why have I been asked to complete Service Specific Questions (SSQs)?

Some suppliers might be asked to complete SSQs, depending on the business service they offer to their customer. The nomination of a supplier to complete SSQs is entirely at the buyer community's discretion regarding which suppliers are nominated to respond to these questions.
