

Tesco Personal Finance

We are committed to responsible, efficient, and transparent supply chain management.

To support this, we use FSQS - an industry-recognised, standardised platform that enables us to collect, manage, and maintain supplier compliance and assurance information in a consistent way.

As regulatory requirements continue to grow more complex, FSQS helps us demonstrate to our stakeholders and regulators that we work responsibly with our suppliers, minimising risk and protecting our customers. FSQS saves you time by reducing duplicate compliance requests, whilst helping us stay aligned with the latest regulatory expectations.

As a community, FSQS also plays a role in sourcing processes. Our Procurement Team can use the platform to identify pre-qualified suppliers for new opportunities, increasing visibility across our supply chain and opening the door to potential new business for those who achieve Qualified Supplier status.

“This is why we are asking you to complete your FSQS registration - so we can work together more efficiently, ensure compliance, and create opportunities for future collaboration.”

Kate Nash, Head of Outsourcing and Supply Chain Management

How do you benefit from joining FSQS?

Less duplicated Admin:

FSQS saves you the hassle of completing separate compliance questionnaires for each customer.

A painless process for all:

No more inefficient ways of working. The process is simple, reliable and cost-effective

Cuts the red tape for you as suppliers:

FSQS helps minimise the barrier to entry for suppliers and reduces the cost of doing business for everyone.

Staying ahead of the curve: Keep yourself informed the latest regulation to ensure compliance and success.

Visible to more customers: Registering as a supplier makes you visible to all buyers on the platform.

Gain Business Insights: use FSQS to improve your businesses compliance

How FSQS Works

FSQS is a two-stage process designed to match the level of oversight to the nature of services supplied.

Stage 1: Profiling Questionnaire

You'll receive an email invite from Hellios to complete a short online questionnaire (around one hour). This provides basic organisational information and determines whether Stage 2 is required.

Stage 2 Qualification

If your services involve higher regulatory or operational risk - for example, handling customer data or supporting critical operations, you will be asked to complete a more detailed questionnaire and upload supporting evidence where needed.

Stage 2 Qualification

Stage 2 typically covers areas such as:

Anti-Bribery	Sanctions	Remuneration	Customer Treatment
Products & Sales	Anti-Money Laundering	Health & Safety	Whistleblowing
Business Continuity	Information Security	Cyber Security	Records Management
Diversity & Inclusion	Environmental	Data Management	GDPR
Physical Security	Operational Resiliency	IT Asset Management	Conduct Risk

The process uses clear, selectable answer options and does **not** require proprietary, pricing, or contractual information.

Additional Assurance

Following Stage 2, Tesco Personal Finance may request further assessment - such as a Stage 3 review or an onsite audit - depending on the nature of the relationship and the associated risk.

Fees

FSQS is jointly funded by participating buying organisations and larger suppliers. SMEs (small or micro enterprises) are fully subsidised and pay no registration fee.

For full details, please refer to the [FSQS Fees Page](#)

Timelines

- Stage 1 – this typically takes no longer than a couple of hours to complete
- Stage 2 – Completion time greatly varies depending on the time taken to collate documentation

You have up to 8 weeks to complete the questionnaire including time for validation

- **Existing suppliers:** Up to eight weeks for first time registration.
- **New suppliers / bidding activity:** Timelines may be shorter to align with procurement schedules.

Hellios will confirm deadlines for each stage in your FSQS communication emails.

Frequently Asked Questions

1. Why are we using FSQS?

To simplify data collection, reduce repeated requests, and demonstrate responsible supply chain management in a complex regulatory environment.

2. Who is Hellios?

A UK-based specialist in supplier data management, supporting multiple global and UK organisations.

3. What does Hellios do?

Hellios collects and maintains supplier data for Tesco Personal Finance. They verify submissions but do not decide supplier suitability, that decision remains with us.

4. How is our data protected?

FSQS is hosted in UK data centres certified to SSAE18 SOC2 and ISO27001. Hellios is ISO27001 and Cyber Essentials Plus certified.

5. Do we need to register each legal entity?

Yes, any entity invoicing Tesco Personal Finance must be registered.

6. Will other suppliers see our information?

No, your data is not shared with other suppliers.

7. Will the information be used across Tesco Personal Finance?

Yes, one of the benefits of FSQS is that suppliers' assurance data will be available to other areas within Tesco Personal Finance reducing duplication.

Frequently Asked Questions

8. Will pricing information be requested?

No, your organisation will not be asked to provide any commercial pricing information.

9. How do we pay FSQS fees (if applicable)?

Hellios will provide full details of the payment options available however if you would like more information on the payment options, visit the FSQS Fees Page.

10. How long is registration valid?

The renewal date is set at one year from your Stage 1 (or Stage 2, if applicable) issue date. Renewal reminders are issued by Hellios several weeks in advance of your registration expiry date.

11. How long does registration take?

Most suppliers complete both stages within one business day of data entry, though gathering information may take longer depending on the organisations.

12. What if we do not complete registration?

You will be supported by Hellios throughout the process, but failure to qualify may result in a noncompliant status in our systems.

13. Who can we contact?
